The authors regret the follow errors in the above published paper:

- 1 In the section: “Assessing risk of bias across and within studies”, in the first paragraph, “nine moderate bias^{5,12,14-21}” is incorrectly cited. It should be replaced by “nine moderate bias^{5,12,14-20}.”
- 2 In the Discussion, section “Summary of evidence” sentence: ‘It has been reported that these tumours can recur after as long as 30 years²⁰’, should be replaced with ‘It has been reported that these tumours can recur after as long as 30 years²¹’.

The authors would like to apologise for any inconvenience caused.
